**Most important symptoms/effects, acute and delayed:** This product contains beneficial microorganisms that are considered to be non-allergenic, non-irritating and non-sensitizing when used as directed. Exposure to very high levels of airborne microbial spores may result in very rare respiratory impairments or cause an allergic reaction in sensitized individuals. Not expected to present a significant hazard under anticipated conditions of normal use. May cause slight irritation to skin. May cause slight irritation to eyes.

### SECTION 5: FIRE-FIGHTING MEASURES

<b>Flash Point</b>	Not applicable.
<b>Autoignition temperature:</b>	Not determined
